<https://www.lcrpcmaine.gov/post/ld-1829-2173-implementation-guide>

These three guides are available for viewing and downloading on our website

8 Grants Scoped, Written, and/or Applied

The Team worked with municipalities and nonprofits on submitting four (4) Northern Borders Regional Commission pre-applications. All 4 were asked to submit full apps, due on 10/16. Staff assisted one (1) town with preparing a Coastal Community/Shore & Harbor Grant. LCRPC worked with three (3) towns on grant project scoping.

38 Hours of Professional Development

Staff had 38 hours of professional training and development opportunities, including attending the CRRC Quarterly Gathering in Deer Isle and Stonington; the R212 Meeting in Augusta; and the Maine Engage/DECD training in Hallowell. These trainings help staff implement climate planning and economic development strategies.

6 Newsletters Published to Lincoln County Residents

3 editions of LCRPC Interprets!, our e-newsletter on climate change, and 3 monthly newsletters sharing updates on grants, workshops, and relevant information were published.

14 Communities Helped by LCRPC Staff

14 Lincoln County communities received assistance from LCRPC on comp. planning, project development, and ordinance writing, to name a few. Staff also worked on countywide initiatives to benefit all towns.
